EDUCATION

Joginpally B.R Engineering College, (JNTU University), Hyderabad   **2018-2022**
B. Tech in Electrical & Electronic Engineering (EEE), Secured an aggregate of 7.22 CGPA

Vidya Vikas Junior College, Bodhan   **2016-2018**
Intermediate MPC_82.3%

T.S Model School, Madnoor   **2015-2016**
Secondary School of Certificate_80%

PROJECTS

Cart Project:

- Developed a fully functional shopping cart application using React.JS, integrating with the Dummy JSON API for fetching product data.
- This project demonstrates my proficiency in modern web development practices, state management in React, and API integration.
- Fetched and displayed a list of products from the Dummy JSON API, showcasing dynamic data handling.
  Technology Used:
- Leveraged React for building the user interface, utilizing components, hooks, and context for state management. Integrated with the Dummy JSON API to fetch product data dynamically.
- Employed modern JavaScript features to enhance code readability and maintainability. Styled the application using Tailwind CSS for a responsive and attractive layout.

Js Note Project:

- Created a mini project using HTML, CSS and Js.
- Designed and implemented the add note button to click on adding a Js note and when we will click on delete option then it will be deleted.

CERTIFICATION

MERN Stack developer (JavaScript)
Vector India – 2023

- Responsive User Interfaces, State Management Expertise.
